application in the PAIR system of the USPTO. The present paper supplements the (IDS) that was filed in the Office on April 6, 2010.

Document FA, JP 3,074,885 U, was cited in the IDS filed April 6, 2010, but was filed without an English language abstract or translation. This translation is believed to satisfy the requirement for a concise explanation of the relevance of the document under 37 C.F.R. §1.98.

A substitute Form PTO/SB/08 is submitted herewith which identified the partial English translation of Document FA.

No fee is required in connection with this Statement since the IDS was filed within three months of any communication from a foreign office action in a counterpart foreign application.

Respectfully submitted,
